tion of the lot bought by him, in a book provided for the purpose. Such payment and signature shall be held as admission on his part of having bought such lot and of having accepted the terms of sale as herein specified.

3. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a chellan to pay immediately twenty-five per cent of such amount as a deposit into the Taluk Treasury at the place; a receipt for the deposit money will be granted by the Treasury Officer and must be presented to the Forest Officer at once. Should any purchaser fail to comply with this rule, the Forest Officer shall be at liberty to resell all or any portion of the timber purchased by such defaulter, who shall be required to make good any loss, but shall not participate in any profit on such resale. The amount due by such defaulter shall be recovered from him as a revenue demand.

Note.—For the convenience of the purchasers, the quarter deposit or the whole of the sale amount will be received and acknowledged by the officer conducting the sale, if tendered on the spot at the time of sale.

4. The whole quantity purchased by each purchaser must be paid for within thirty days of sale, failing which the earnest and deposit moneys already paid in shall be forfeited to Government and the timber not paid for shall be resold. Moneys due may be paid into the Treasury of the Taluk or into the District Treasury, but into no other except in cases where the purchasers are permitted to pay into any other Government Treasury in accordance with the chellans issued to them.

5. No timber shall be delivered to any purchaser until it has been paid for in full.

6. No timber can be removed from the depot till a permit to remove timber signed by the Forest Officer in charge of the depot shall have been obtained.

7. Timber paid for may be removed at any time within thirty days from the date of sale or within such further period not exceeding ninety days from the date of sale as may be fixed by the Forest Officer as the circumstances of each case may require, without payment of rent. But if left in the depot longer than ninety days from date of sale, such timber will remain at the risk of the purchaser, and further shall be charged with depot rent at Rs. 6-4-0 per cent per annum, on the sale amount from the date of sale. If the timber be not removed within six months from the date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and costs, etc.

8. Any complaints regarding short measurements, etc., will not be heeded after the removal of the logs, from the depot.

9. Belated payments of purchase money will be charged with interest at 6¼ per cent per annum from the date of sale.

10. The timber of the defaulters of last auction sale will be resold in this auction and the deficit amount will be recovered from the defaulters as a revenue demand.

11. The defaulters of previous auction sales will not be permitted to bid in this auction.

L. P. MASCARENHAS,
District Forest Officer.

ENGINEERING DEPARTMENT.

WATER-SUPPLY DIVISION.

Abstract Notification.

The attention of the public is invited to the notice in the *Mysore Gazette*, dated the 29th April 1920, calling for tenders up to the 18th May 1920, for the supply of levels, tapes, etc., required for use of this Division, particulars of which can be had from the undersigned on application.

Abstract Notification.

The attention of the public is drawn to the notice in the *Mysore Gazette*, dated the 13th May 1920, calling for tenders for the supply of "Sulphate of Alumina" of good quality up to the 31st May 1920, published on pages 255—256, Part VI of the *Mysore Gazette*, dated 29th April 1920.

Notification dated May 1920.

1. Notice is hereby given that separate sealed tenders will be received by the undersigned up to 22nd May 1920, for the supply of articles as noted in a separate statement required for use of this division for the period 1st July 1920 to 31st December 1920.

2. An approximate estimate of quantities required is given against each item under each group in the list, but these quantities are not guaranteed. Any quantity 20 per cent more than the tendered articles shall be supplied at the tendered rates at any date between 1st July 1920 and 31st December 1920.

3. Parties are at liberty to tender for one or as many whole groups as they desire, but there should be a separate tender for each group, but competitors are not allowed either to split up the groups or tender for portions of groups or include more than one group in a tender.

4. Each tender should indicate the group number to which it relates in the list.

5. The tender for each group should be accompanied either in cash or currency notes by a deposit of earnest money fixed for that group as noted in para 6 and should be submitted in a cover sealed and superscribed "Tender for the supply of materials Group No. for the use of the Water-Supply Division for the period from 1st July 1920 to 31st December 1920." No tender failing to fulfil any of the above conditions will receive attention.

6. The earnest money required for the several groups of articles in the list are :—

		Rs.
Group No.	1. Belting and fasteners	100
Do	2. Hides and skins	50
Do	3. Metals	25
Do	4. Paints and painters' stores	25
Do	5. Lubricants	50
Do	6. Hardware	25
Do	7. Pipes and fittings	25
Do	8. Miscellaneous	50
Do	9. Tools and plant	50
Do	10. Sundries	25

7. The final acceptance of the tender will rest with the Chief Engineer of Mysore, who does not bind himself to accept the lowest or any tender or assign any reason whatever for the rejection of any tender.

8. The names of the successful competitors will be published on the notice board in the Executive Engineer's Office in usual course on receipt of orders accepting tenders. The group or groups for which a party's tender or tenders have been accepted will also be noted against his name on the notice board. No enquiries of whatever nature regarding the tenders will receive any reply.

9. The successful competitor or competitors will be required within eight days of the acceptance of his tender or tenders to execute a contract bond for the group or groups allotted to him, in default of which his tender or tenders will be considered cancelled and his earnest money will be forfeited.

10. On acceptance of the tenders, the earnest moneys on rejected tender or tenders will be returned to the parties concerned. The earnest moneys for the tender or tenders of the successful competitor or competitors will be returned to those concerned only when the supply is made satisfactorily throughout the entire period for which the contract is to run.

11. The successful competitor shall guarantee to maintain at Bangalore or stock 50 per cent of the materials enumerated in the group or groups allotted to him in the list and shall comply with all indents made on him within three days of the order sent to him and follow the same procedure throughout up to 31st December 1920.

12. The rate tendered and accepted for each item shall include cost of delivery at the "Stores" attached to the Water-Supply Division at Bangalore and shall be binding on the supplier for the period from 1st July 1920 to 31st December 1920 irrespective of all fluctuations in the market during the period.

13. Materials supplied by the party but found not to be up to standard in quality or in any respect, will be rejected and the supplier shall remove and replace the same with fresh articles then and there at his own cost.

14. Should the successful competitor fail to supply the required articles or replace the rejected ones in time, the Executive Engineer will make other arrangements to procure them at the risk of the party, should there be loss to Government but with no benefit to him should there be profit due to difference of rates as tendered and approved and as purchased.

15. Weights, etc., of materials supplied, as sealed by the Chief Store-keeper on suppliers' invoices will be accepted as final and no representation by the supplier of his weights, etc., being correct will be considered and supplies made to the "Stores" unaccompanied by invoices will not receive attention and will lie at the suppliers' risk.

16. The supplier is bound to supply any of the materials direct to any pumping station outside Bangalore, when so advised by the undersigned, in which case conveyance, charges including Railway freight from Bangalore up to the Pumping Station will be allowed to him.
